CIRCUIT COURT

Omar Boler Lost \$5,000 Damage Suit
Against Dr. Joe Browning For
Alleged Mal Practice.

Dimmitt C. Knight was reported as
a regular juror and appeared and took
his seat.

In the case of Omar Boler against
Dr. Joseph Browning of Germantown
for \$5,000 damages for alleged mal
practice, the jury decided in favor of
defendant.

This case grew out of an examination
by the physician of an alleged dislo-
cated arm of the plaintiff. The evi-
dence showed that the injury occurred two
months before the physician was con-
sulted and that he was not responsible
for the present condition of the de-
fendant's arm.

FARMERS & TRADERS BANK

MRS. ROSA PICKETT McDOWELL'S
SON IMPROVING.

In a letter to The Public Ledger from
Mrs. Rosa Pickett McDowell, daughter
of the late Dr. Thomas E. Pickett and
sister of Mrs. George T. Barbour of this
city, she says:

"My 5-year-old boy, who was in-
jured by an automobile six weeks ago,
is improving slowly. He is still on his
back in the hospital where he has a
private room and a special nurse who
is with him all the time. I am with
him every afternoon for six hours
while the nurse is off duty.

"He has been under ether five times
and under the X-rays three times. He
was on the operating table for two
hours on December 5 and his thigh bone
(the broken parts) put together with a
silver plate which was screwed into
place. Otherwise he would have been a
cripple for life, one leg shorter than the
other and a curvature of the spine. He
did not rally from the operation as
quickly as he should have, but was very
low for about a week. Has had high
fever almost ever since up till about a
week ago. However, 'All's well that
ends well,' so now we feel that he will
live and be all right again."

Edward was struck by an auto and
terribly injured. That he will recover
and not be a cripple is the best of
news.

DEATH CALLS MRS. ELLA
SECRET.

Mrs. Ella Secret, wife of Thomas
Secret of Covadale, Lewis county,
died at 10 o'clock Thursday morning
after a protracted illness of typhoid
fever. Deceased was 53 years of age
and is survived by her husband and one
son, Frank Secret, and one grand-
daughter, Hazel F. Secret, and three
brothers, Mort and Mort of Covadale,
and Perry of Portsmouth, O.

She was a member of the East Fork
Christian church. Interment at East
Fork cemetery, the time and date not
given.

LAW ENFORCEMENT LEAGUE

To Be Organized in Maysville—Tem-
perance People Held Meeting At
Third Street M. E. Church
Yesterday—Plans Discus-
ed and Made For
Future Work.

Yesterday morning at the Third
Street M. E. church about 10 of the
temperance leaders of this city and
county met and laid plans for the or-
ganization of a Law Enforcement
League, whose duty it will be to see
that the County Option Law, under
which the county recently voted dry,
is rigidly enforced.

Hon. Stanley P. Reed, one of the at-
torneys for the drys, gave his opinion
of the local situation from a legal
standpoint. He said that the case from
Shelby county, which is now before the
Court of Appeals, and on which that
court is expected to render a decision
today or tomorrow, is almost identical
with the local situation, and that the
opinion of the Shelby county case will
have much to do with the local case.
He said that the law will go into ef-
fect 60 days after the filing of the
opinion of the contest board, and as
this opinion was filed on November 12,
the law will go into effect on January
11.

On motion, Mr. W. W. Ball, who was
chairman of the meeting, appointed five
men from the county who will elect one
man from each precinct in the county
to form the nucleus of a Law Enforce-
ment League, whose duty it will be to
see that the county option law is en-
forced strictly when it goes into effect.
The men will select from their number
an executive committee of three per-
sons, who will take the active charge
of the league's work.

Dr. N. A. Palmer, state secretary of
the Kentucky Anti Saloon League, was
present and in an address gave the gen-
tlemen many valuable suggestions as to
the organization and enforcement of the
Law Enforcement League.

Plans are on foot for the raising of
a large fund to be used in enforcing the
law.

REGULAR MONTHLY MEETING OF
WOMAN'S CLUB THIS
AFTERNOON.

The first regular meeting of the Wo-
man's Club for the new year will be
held Friday, January 8, at 2:30 p. m.,
in the club room on Third street. A full
meeting is desired as the business of
the old year must be settled and work
for the new year mapped out.

The open session will be under the
management of the Educational De-
partment, Miss Jessie Yancey chairman.
An interesting feature of the program
will be a reading by Mrs. Campbell,
wife of the new minister of the South
M. E. church. Mrs. Campbell is a gradu-
ate of the Boston School of Elocution.

The ministers of the churches of the
city and their wives are invited and
each club member may invite a friend.

The New Year Tea will be served at
the close of the open session. Host-
esses—Mrs. A. M. J. Cochran and Mrs.
L. A. Duke, assisted by Mrs. Shelby
Blatterman and Misses Hilda Threl-
keld and Anna Belle Lewis.

BROWNING'S INTERMENT TOMOR-
ROW AT SHANNON.

The body of Leu Y. Browning, for-
merly of Lexington, who was accident-
ally killed while hunting with two
friends near Palm Spring, Cal., about
10 miles from Los Angeles, on New
Year's day, is expected to arrive in
Lexington Saturday. Interment will
follow in the old family burying ground
at Shannon, in Mason county, tomorrow
afternoon. Mr. Browning's wife will
not accompany the body to Lexington.

MISS LULA ORR TO UNDERGO
OPERATION.

Miss Lula Orr of Covington, eldest
sister of J. B. Orr of this city, had the
misfortune some years ago to injure
her right foot, and having to use it
constantly made it impossible for the
injuries to yield to treatment. Upon
examination it was found that several
ligaments were broken and in order to
keep her from being a cripple for life
her doctor will operate on the foot next
Monday.

POLICE COURT.

The following cases were disposed of
in Police Court yesterday:

Tom Walton, breach of peace, fined
\$10.50 and put under a bond of \$100 to
keep the peace for one year.

William Viero, drunk and disorder-
ly, fined \$7.50.

William Johnson, breach of the peace,
continued.

Colonel H. Sam True, a prominent
tobacco dealer of Louisville, who is in
Dover visiting his sisters, Misses Mar-
tha and Ruth Treer, was an interested
visitor on the Maysville market yester-
day. Sam a score of years ago was an
extensive dealer in tobacco at Dover
and Alderden and is well known to the
trade.

TAKING THE LEAGUE'S TEMPER-
ATURE.

The Epworth League meeting for next
Sunday evening at the Third Street M.
E. church will be a thermometer meet-
ing, when the League's temperature will
be taken. It will go up by degrees. It
may reach the boiling point, but surely
will go to summer heat. No danger of
frost. Each Epworthian can push it up
by five degrees. Remember the time
and place. Sunday night, January 10,
6:15 o'clock, Third Street M. E. church.
Be there and see her boil.

FUNERAL TODAY.

The funeral of Mrs. Hattie Conrad
Jones will be held this morning at 11
o'clock from her late home in Forest
avenue, with services by Rev. A. F.
Stahl of the Christian church. In-
terment in Maysville cemetery.

Extraordinary
Reductions

Not in Maysville or elsewhere will you find such amazing
reductions in Suits as you'll find here. It is an unexampled
opportunity for Mason County women who need suits. Several
customers tell us in buying a suit now they are also providing for
spring as our conservative models can be worn as long as spring
is cool enough to require a coat.

Prices Start

AS LOW AS \$3.98—For suits that were twice as much and
some more than twice as much.

AT \$10.00—Good tailored models in serge, chevrot. In this
group quite an assortment of blacks.

AT \$12.50—Our entire line of \$25 suits, also the few \$22½
that remain. Each suit is a handsomely tailored New York model.

AT \$15—There is no better manufacturers of \$20 and \$30 gar-
ments in New York than the man who supplied these smart one-
of-a-kind suits.

WILL THE FEDERAL RESERVE PAY EXPENSES?

There has always been a doubt as to the sources from which are to come the money to pay the dividends on the money invested in the Federal Reserve banks. A San Francisco dispatch indicates that this subject is beginning to be discussed very generally, and that the belief is the revenues of these banks will not suffice to pay their large expenses. "Taking last week's statement," says the dispatch from San Francisco, "as a basis of computation for 1915, the year will show a loss of approximately 21.5 per cent on the capital stock. At the close of business December 24 the net deposits were \$13,536,000. At 2 per cent the interest payable account for the year would be \$263,720. To this should be added at least \$50,000 a year for operating expenses, or a total of \$313,720. On the same date loans and discounts amounted to \$787,000. At 5 per cent the interest receivable account for the year would be \$39,350, leaving a net loss of \$279,370."

That is for one of the twelve apostolic banks, but the figures need to be reconsidered. Saturday the twelve banks had over 11 millions invested, and, though this is not much greater on the average than the San Francisco figures, the report indicates an extension of loans.

Nevertheless, the expenses will be much greater than is indicated in the San Francisco estimate. The salary list is large and, while Congress fixed the salaries of the members of the Central Board at \$12,500, the local boards have double this sum for their governors, and other expenses will doubtless be on an enlarged scale unless Congress calls a halt.—Louisville Post.

WHO MAKES THE FASHIONS?

A rather remarkable economic theory was advanced by the woman speaker at the National Conference on Unemployment who alleged that "thousands of working people" are idle because American women's "various and eccentric new styles in gowns, coats, hats and shoes."

It might be supposed that every time a woman bought a new hat or coat or dress the purchase gave employment to somebody. True, a change from velvet to cloth and from tight skirts to full from year to year keeps manufacturers guessing. But the millennium will be here when feminine styles are standardized and stereotyped.

But assuming the correctness of the theory, are women to blame for the frequent changes of fashion? Men really are the great arbiters of women's attire. They design it and make the model costumes which it is the ambition of every dressmaker the world over to copy and of every woman to wear. They are responsible for the capriciousness in clothes which is wrongly attributed to women, and if there is any blame in the matter they will have to bear it.

If all the guild of man-milliners could be abolished, we should have fewer bizarre and radical changes of feminine fashion. But would there then be as much work for the support of as many workers as there is?—New York World.

WILL GIVE VARIETY.

A great many people are nervous about the coming session of the state Legislature. But looking at it in one way, it will serve to diversify the news, which now consists very largely of war reports.—Wheeling Register.

WILL NEVER COME BACK.

"Give us back our husbands and sons!" shouted the women of Vienna. A modern and infinitely more mournful variation of the Roman emperor's demand for his lost legions.—New York World.

TABLES OF THEIR OWN.

This is the time of year," said a Portsmouth merchant, "when I better keep out of the sales department. Some way I can't work up any enthusiasm in trying to sell for 75 cents an article which cost me 95 cents. But that is not the worst of it. Merchandising is something of a gamble. We buy weeks and sometimes months in advance, and we have to guess as to what our sales will be. If they fall short, bills must be paid, and it is up to the merchant to get rid of surplus stock, even at a loss."

"What galls me most," continued the merchant, "is to offer a real bargain, something I lose money on, and then have a customer tell me the price is high and act as if he doubted my word. Sometimes it is hard to keep one's temper."

This is one of the bargain times of the year when many things can be bought very cheaply. If a merchant tells you he is selling an article at cost or below you should either believe him or quit trading with him entirely. If his word is not to be trusted, he is an unsafe man to deal with at any time, but if he is worthy your trade, surely he is worthy of your confidence.—Portsmouth Star.

HER "BLESSING BOOK."

"I am keeping a 'Blessing Book,'" wrote one little woman who is struggling with rural problems in the far west. "I am trying to forget my trials and tribulations, trying to remember only the beautiful things that come into my life. In this barren western waste there is little that comes into one's life that one can really call blessings, but sometimes I just write down the memory of a beautiful sunset, or the kind words a neighbor spoke to me in passing or the inspiration a letter brought, and sometimes I look into the heart of a rose and I learn a beautiful lesson; and at the close of the week, when I read my 'Blessing Book' I find my blessings outnumber my trials."—American Club Woman.

Between Courses.

There are lots and lots of times
That we do what we should not,
But it's mighty hard to bear
Blame for what we never got.

The orchestra struck up Paderewski's famous January-February march, and the guests at the Deceitess ball fled into the banqueting room.

By the fair young woman's special request, Constantia Murphy, the season's most dazzling debutante, was escorted outward by Prof. Stiggins, the world's most eminent entomologist.

As they were passing through the fragrant lane of dingle plants that led to the banqueting room, Miss Murphy remarked, "Professor, the back of my neck feels exactly as if something were moving on it. Would it be beneath your dignity to look and see?"

"A pleasure," replied the professor. "No, there is nothing there worth mentioning."

"Well, it feels too funny," said the debutante. During the second course, stuffed mustard seeds, she said suddenly, "Professor, I must ask you to look again. There is something there—I know there is something there!"

"Yes, it is still there," said the professor, looking. "But, as I said before, it is nothing worth looking at—merely a Spontix Myrionid—what the children call a thousand-legger."

Before Constantia Murphy faintly she took time to seize an over-flowing punch bowl and turn it upside down on the professor's modelled head.—Louisville Times.

DO IT NOW

Maysville People Should Not Wait Until It Is Too Late.

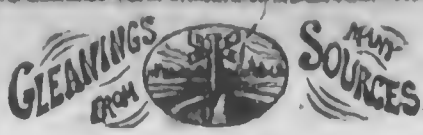

The appalling death-rate from kidney disease is due largely to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms often give place to chronic disorders and the sufferer may slip gradually into some serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they act where others fail. Over one hundred thousand people have recommended them. Here's a case at home:

Mrs. S. Neal, 407 W. Second St., Maysville, Ky., says: "One of my family had a great deal of trouble from his back and kidneys. Doan's Kidney Pills made him better and he always praises them."

Mrs. Neal is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Neal recommends—the remedy backed by home testimony. 50c all stores. END OF THE WAR.

It is said the Lloyds have fixed April 1 as the date which they will insure for a premium as the time when the war will end. Dr. David Starr Jordan believes the war can last no longer. The people can not stand this awful strain upon life and treasure. That is only three months away and still there is not the slightest sign that either side will give in. Indeed, it looks as if it will last all next year. The effect of the winter upon the troops, however, may set them to thinking and make them impatient, a situation that is soon felt at army or government headquarters, and this always means something, either a pushing ahead or a falling back. It is sometimes harder to face a winter than it is an army, and it may be so over in Europe.

NEW YORK OFFICIAL PHOTOGRAPHER

Escapes Nervous Breakdown—Strength Gradually Ebbing Away. Made Well and Strong by Vinol.

New York City:—"I have found Vinol to be a godsend as a reconstructive tonic for a run-down constitution. I am an official photographer and for a long time I suffered from weakness and general debility, and soon realized that my strength was fast leaving me. I tried different tonics without benefit, but one day I saw Vinol advertised and decided to try it. Before I had taken two bottles I had gained in health and strength so I could do 100% more work than before.

"Vinol is the best tonic I ever took and I cannot say enough in its praise to do it justice."—WILLIAM KOHLHOFF, 4 Irving Place, New York.

It is the combined action of the curative elements of the cod's livers aided by the blood making and strength creating properties of tonic iron contained in Vinol which makes it so successful in overcoming such conditions.

If you are weak, sickly, run-down, and overworked try a bottle of Vinol, our delicious cod liver and iron tonic without oil, with the understanding we will return your money if it does not help you.

In LABOR'S WORLD.

Sidney, Australia, is to have a daily labor newspaper.

New Jersey factories employ more than 320,000 workers.

A central trade union body has been formed in Phoenix, Ariz.

There are nearly 7,000 female bookkeepers in New York City.

The Women's Trade Union League prints a monthly magazine in Chicago.

Women employed in the rubber industry in British Guiana are paid 20 cents a day.

The International Brotherhood of Bookbinders has declared in favor of equal suffrage.

The present year marks the twenty-fifth anniversary of the enactment of the Australian law providing an 8-hour working day for women.

A recent report shows that 34 per cent of all the women employed in Kansas workshops are paid less than \$4 a week.

During the first six months of 1914 a total of \$1,011,263.42 was awarded by the Ohio State Industrial Commission under the workmen's compensation act.

A wage earning army of more than 3,000,000 women is employed by the various industries of the United States, and the number is steadily increasing.

The Pennsylvania Hotelmen's Association has decided to make a fight against the new state law which restricts the hours of woman's labor to 54 a week.

Eight dollars a week is the minimum living wage for women in Denver, according to the report just made to the Governor by the State minimum wage board.

The United Railways, controlling the street railways in St. Louis has put into operation a pension system for the benefit of its employees. The entire expense will be borne by the company.

The minimum wage commission of the state of Washington has established \$10 weekly as the minimum wage for women and girls employed in offices in any kind of clerical work, effective February 20.

The International Typographical Union proposes to investigate the practice of permitting students in printing courses at technical high schools to do jobs that might otherwise go to commercial printing establishments.

The Ohio Federation of Labor has decided to urge upon the state legislature now in session the passage of measures providing for free text books in the public schools, an 8-hour working day for women, an 8-hour working day for men employed in industries that operate 24 hours a day, increases in workmen's compensation awards and rejection of any efforts to weaken the compensation law.

SAN FRANCISCO PLANS GREAT BALL.

San Francisco, Cal., January 8.—Twenty-five thousand tickets have been issued to the great ball which will mark the dedication of the Exposition Civic Auditorium in this city tomorrow night. The function promises to be one of the most notable of its kind ever held in this country. Guests will be present from all over California and even from Arizona, Oregon and Nevada. The affair will be inaugurated with a spectacular dance of the jewels, which will be carried out by groups of talented girls in the costumes of the various countries. The ball will mark the first official opening of any of the Panama-Pacific Exposition buildings, and will also inaugurate the exposition social activities for 1915.

PRINCE HENRY FOR NAVAL CHIEF.

Washington, January 8.—Prince Henry of Prussia, who is said to be slated for the supreme command of the German battleship fleet, is well known in this country on account of his visit here a dozen years or so ago, when he made a tour that carried him as far west as St. Louis and Chicago. Prince Henry, the sailor prince, or "Heinrich der Seemann," as he is called by loyal Germans, is the only brother of Emperor William. He is nearly four years the Emperor's junior, having been born in 1862.

NATURAL GAS

Lenoxburg, a Small Village in Bracken County, To Be Supplied With the Fluid.

(Augusta Chronicle.)

The enterprising citizens of Lenoxburg and vicinity have been raising a fund to pipe natural gas to that vicinity from the main line, a distance of about four miles, and at last accounts something over \$1,000 had been subscribed for that purpose.

We are informed that 53 families at Lenoxburg, including a number living on the proposed new pipe line, have signified their intention of using gas, and that the gas company will let them have it at the same price charged Foster, 30 cents per 1,000.

The Chronicle interviewed two of three residents of Foster as to the cost of natural gas at that place. R. B. McGrath, who has a large house, well heated and lighted, says it costs him something over \$4 a month during the cold weather we have been having. E. W. McAttee, the Foster merchant, who heats and lights his large storehouse, as well as his living rooms, says the average cost to him is about \$3.50 per month during the winter months. In each of the above instances gas is used to cook with.

The natural gas proposition has been agitated in Augusta a number of times, but up to date nothing has materialized, although at the present time an oil and gas well contracting firm of West Virginia have under consideration the proposition of getting a franchise for the city of Augusta, to furnish both heat and light. The representative of this firm says that if the citizens of this city want to use natural gas all that has to be done is to let their wants be known.

There seems to be a difference of opinion as to whether the gas proposition should be controlled by the city or individuals, while others say if we have gas at all it will be detrimental to our electric light plant.

CHAIR FACTORY

At Frankfort Reformatory Is To Be Operated By the State.

Frankfort, Ky.—The State Board of Prison Commissioners met and after a conference with Governor McCreary and Warden Wells of the reformatory, announced that it will operate a chair factory at the reformatory in which they will employ 350 men, while 150 men will be transferred from the reformatory to the Edinburg penitentiary, where they will be employed by contractors operating there. This will take care of 500 men, which is said to be the number not now under contract.

NEW ORLEANS SEES HER OWN HISTORY.

New Orleans, La., January 8.—New Orleans had the opportunity today of seeing the most stirring events of her early history unrolled before her own eyes and those of her neighbors in living portraiture and brilliant symbolic display. The unveiling of the Chal mette battle monument and the attendant pageantry, with thousands of men and women in costume, its troops of red coats, its companies of Kentucky and Tennessee backwoodsmen in homespun clothes and coonskin caps, and its many historical figures marked the beginning of the three days' celebration in honor of the victory of General Jackson over the British 100 years ago today.

YOUNG MULTI-MILLIONAIRE WEDES.

New York, January 8.—A one-hundred-million-dollar bridegroom is something of a rarity even in New York City, which probably accounts for the large crowd of curious spectators that gathered about the Church of the Heavenly Host this afternoon eager to catch a glimpse of the principals in the Armour-Condon wedding. The fact that the bride and bridegroom were exceedingly youthful and that their wedding possessed many of the elements of romance usually found in popular novels, served to increase public interest in the marriage.

INTERCOLLEGIATE BASKETBALL SEASON.

New York, January 8.—The season of the Intercollegiate Basketball League will open tomorrow night with games at Dartmouth and Pennsylvania and will continue through to March 12. The membership of the league is the same as last year, comprising teams at Yale, Princeton, Columbia, Pennsylvania, Cornell and Dartmouth.

LATEST WAR BULLETINS

Polish Situation Unchanged.
In Poland the Germans apparently
are no nearer Warsaw and there is lit-
tle alteration in the battle front ex-
tending from the Baltic to the Car-
pathians. The Russians seem to be still
concentrating their main effort in the
Carpathian passes.

Petrograd and Berlin Differ.
London, January 7.—Neither Turkey
nor Germany has conceded the defeat
of the Turkish armies in the Caucasus,
as claimed officially in Petrograd.

As further details of this fighting are
received in London, it would appear
that this reported Turkish disaster has
been as complete as that suffered by
any forces since the outbreak of the war.

Mercier Not Arrested.
London, January 7.—The German
military government of Belgium has
issued an official denial of the report
that Cardinal Mercier, the Belgian
member of the Sacred College, has been
arrested by the German authorities.

French Report No Change.
Paris, January 7.—The French war
office this afternoon gave out an official
announcement as follows:

"On January 6 there occurred from
the sea to the Lys nothing other than
artillery fighting in which we had al-
most always the advantage. Our bat-
teries put to flight certain German avi-
ators who were coming in the direction
of Dunkirk and they compelled a cessa-
tion of the fire of German mine throw-
ers in the region of Zillbeke.

"The enemy bombarded violently
the head of the Belgian bridge to the
south of Dixmude."

Another Raid On England?
Activity of Germany's Zeppelins
along the French coast has revived con-
jecture as to a possible raid on England
by these air craft.

Several of the dirigibles are reported
to have appeared near Dunkirk and are
then said to have turned toward the
English coast.

England's Reply Conciliatory.
England's reply to Washington's re-

gether conciliatory.

Miss Mabel Thompson of Manchester
arrived last Sunday on a visit to Mr.
R. P. Richmond.

Miss Mabel Scott returned home Mon-
day after a six months' visit to Dayton,
O., relatives.

Miss Lottie Wilson left Saturday for
her home in Frankfort, Ky., after a
pleasant visit to relatives here.

Little Miss Virginia Clark returned
to her home in Cincinnati last Monday
after a three weeks' visit to Maysville
and Aberdeen relatives.

Miss Mayme Botts left Monday to re-
sume her duties as instructor in the
Art Department of Miami University,
Oxford, O., after spending the holidays
with her mother, Mrs. Adella Botts of
Second street.

W. S. Durrum and Miss Frankie Mar-
tin hid themselves to Georgetown
Wednesday and were united in mar-
riage.

Maynard Grierson left for Upland,
Ind., Monday morning to enter Taylor
University with a view to entering the
ministry. He is a splendid young man
and has the wishes of his many friends
here for unlimited success in his chosen
work.

Every time she leaves home a wo-
man dies a thousand deaths, brought on
by fear that the house will catch fire
and burn down during her absence.

Ruby Wiley regrets the fact that so
comfortable a sensation as picking
one's teeth should be considered bad
form.

Those old pictures of
father and mother are
very dear to you---price-
less in fact.
Just bear in mind
that your children would
cherish just such pic-
tures of you.

A VERY BEAUTIFUL WEDDING IN
COLORED CIRCLES.

This was out of the ordinary as to
ceremony, presents which were many,
valuable, useful and beautiful, and the
costumes.

Long before the time for the cere-
mony the church, which was beautifully
and tastefully decorated, was filled with
the colored elite of the city and many
white friends of the family.

The organist, Miss Mary Hays, led
the procession to the altar. She ar-
tistically and softly played "The Ros-
ary." Miss Mae Decelia Hagood can-
celled as the soloist, and sweetly sang
"The Rosary." Rev. R. Jackson, the
pastor, came next to the altar. He was
followed by Rev. Giles, the groom's
father, and Rev. L. M. Hagood, in
either aisle. Miss Beatrice Jackson, the
bridesmaid, followed with Mr. R. Burns,
best man, in the other aisle. Miss Anna
Giles, sister of the groom, maid of
honor, accompanied in the opposite aisle
by the groom, followed. They formed a
semi-circle before the pastor and al-
tar, while Mendelssohn-Bartoldy's
wedding march was softly played. The
pastor read the Baptist ritual service,
interspersed with prayers by Rev. L. M.
Hagood and Rev. Giles. The best man
presented the maid of honor (the bride)
in a white lily and she presented it to
the groom for the bride's finger.

The trousseau of Miss Mary Hays—
Venetian banding and shadow lace over
blue messaline.

Miss Hagood—Pale blue crepe de
chine and shadow lace with pearls.

Miss Jackson—White point de saxe
with ermine fur over pink satin with
diamonds.

Miss Anna Giles—Imported gown of
pale blue tulle with black and jet.

The bride veil of duchess net caught
and fastened to the train with orange
blossoms and secured at the back with
a tiara of diamonds. The gown of white
satin with over-dress of duchess net and
ermine fur. The front of the bodice was
held by pearls and she wore a diamond
necklace. Her traveling suit was black
chiffon broadcloth. Hat, black velvet
with pink satin lining, fox fur scarf
and muff.

Mr. Burns came from Washington, D.
C., and Rev. and Miss Giles from La-
fayette, Ind.

After the ceremony a sumptuous re-
past was served to invited guests at the
home of Mrs. Thomas Taylor in Fourth
street.

At the train Miss Mae Decelia Ha-
good was the lucky one to catch the
bride's bouquet. Amid a shower of rice
and the good wishes of friends they left
on the C. & O. 10:12 p. m. train for
Washington, D. C.

WONDERFUL RAILROADING.

An unusual record for 1914 is con-
tained in a report compiled for all lines
of the Pennsylvania system, which
shows that not a single passenger was
killed in an accident on the entire sys-
tem during the year. The report shows
that 188,411,876 passengers were car-
ried for 67,359,381 miles, on the 20,
108 miles of track in the system, and
more than 3,000 trains were operated
every day, more than 1,000,000 trains a
year.

computed by what he can do for the
world—not by what he can make for the
world to do him."

PLENTY OF FUNDS

To Pay Salaries of Kentucky School-
Teachers Promptly.

Frankfort, Ky.—Barksdale Hamlet,
Superintendent of Public Instruction,
is mailing checks amounting to \$531,
408.24 to the rural and city school teach-
ers. This is the fifth installment due
the teachers. After paying this in-
stallment there is still enough money
left in the school fund to pay the Feb-
ruary installment to the teachers.

It is estimated that after the rural
school teachers are paid in full there
will be at least \$500,000 remaining in
the school fund to be carried over for
the next scholastic year. Three years
ago there was a deficit of \$553,000 in
this school fund.

It is easy enough to join a "Don't
Worry" Club, but exceedingly difficult
to live up to its constitution and by-
laws.

TWO DOLLAR WHEAT WAS IN SIGHT.

Chicago, January 7.—Two dollars a
bushel for wheat, the dream that only
enthusiasts ever expected to come true,
was within half a cent of being a real-
ity today on one grade of wheat, if the
cost of delivery to Europe be counted as
part of the price.

It is a fact that a carload of a kind
of wheat known as Durum was sold
today to go to Italy on a basis that fig-
ured, delivered at destination, \$1.99½
a bushel.

How Dogs Destroyed a Drove
of Sheep.
Dogs made a raid on a flock of sheep
belonging to a prosperous farmer in
Boyle county. The dogs did not eat the
sheep alive, but they disposed of them
quite as completely as if they had done
so. The farm borders on Dix river at
a point where the banks are more than
100 feet high. The dogs got into the
pasture and the sheep were so badly
frightened that they leaped over the
high cliff into the river, and all were
killed. This is much after the manner
of the Biblical herd of swine which
ran down a steep place into the sea and
were drowned. The swine were sup-
posed to be possessed of devils, but in
this case the dogs were possessed of
devils and the unoffending sheep paid
the penalty. —Frankfort State Journal.
